

# Lund – Aiming Higher

TOGETHER WE MAKE LUND AN EVEN GREATER PLACE

Liberalerna

# Developing Lund with both our hearts and minds

Lund is a fantastic place with enormous potential. Since 2018, the Liberal Party and I have worked hard to make Lund even better.

We focused on priority issues for our community – schools, social support, and elderly care. At the same time, we managed to create a strong fiscal foundation for the municipality, filling the economic gaps left by the previous local government.

New businesses are coming to Lund creating new jobs. We have also improved the security on the streets of central Lund. The pandemic has been tough for us all, but businesses have survived thanks to local support schemes even directed towards cultural activities, student life, and sports activities. But we aim higher!

Philip Sandberg, Mayor of Lund

## OUR TOP 3 PRIORITIES

### **Your background should not determine your future**

This is what liberal politics is all about: Giving every individual the opportunity to achieve their potential and to reach their dreams at the same time as there is the security of social welfare in the background.

### **More social programs for the same resources**

Taxes come from each of us and should be used as efficiently as possible. We will also continue to take responsibility for good finances in the municipality, while at the same time securing excellence in our common welfare.

### **Lund in the forefront of development**

We will continue to develop Lund as one of the leading innovation hubs in Europe. We will secure best conditions to attract and support Lund as a center for new ideas, research, and entrepreneurship.

## A city where history meets the future

The unique cultural heritage of Lund offers an attractive place to develop ideas. Lund's history should not freeze it in the past. The city must develop to allow new people, companies and ideas to take root in our dynamic environment. Housing, commercial enterprises, schools, and transportation must keep pace. The Liberal Party in Lund will work for:

**Housing options.** Support development of a variety of housing options for different budgets and life situations.

**Excellent public transportation.** Ensure strong public transportation between residential areas and surrounding communities.

**A vibrant city center.** Secure a lively, commercially diverse and rich central business district that meets the needs of a diverse community.

## A city where everyone is welcome

Whether you come here for studies, work, love or seeking refuge from war and oppression, Lund is a city where it is possible to succeed. Today, more than 20% of the population of Lund has roots in other parts of Europe and the world. The international complexion of Lund brings experience, ideas, culture, and energy which enriches the city and all who live and work here. The Liberal Party in Lund will work for:

**A safe, tolerant and open city.** Fight racism, sexism and intolerance in all forms and ensure that public information is accessible in different languages.

**Access to language skills.** Ensure flexible access to Swedish language studies (SFI) which can be combined with work and studies.

**International education options.** Support international educational needs at all levels (both public and independent options) from pre-school to senior high school.

## A city where ideas and creativity can flourish

Future growth and development will depend on using the talents, skills and creativity of many, not just a few. Lund is and shall remain a place where ideas of all shapes and sizes can grow and develop from technology to arts and culture. Where the tools of developing skills are available to all. The Liberal Party in Lund will work for:

**A place to engage.** Support the work and development of sporting, recreation, volunteer, and idea-based organizations and clubs which foster increased socialization and integration.

**Accessible culture.** Support social and volunteer organizations that contribute to cultural events.

**New forms of incubators.** Support establishment of new cultural and commercial endeavours in the form of incubators in new areas like arts, culture, media.

## Can you vote in Lund on September 11?

Maybe! You do not necessarily need to be a Swedish citizen to vote in municipal and regional elections.

Citizens of EU member states, Iceland or Norway who are registered for population purposes may vote in the municipal and regional elections. Citizens of other countries who have been registered for population purposes in Sweden for at least three years in succession before Election Day may also vote.
